

# Konftel Cam10

Compact design. Big performance.

The Konftel Cam10 is a business class webcam for desktop users who demand professional quality personal video meetings. Create an enhanced visual and audio experience with a wide 90 degree viewing angle, HD video output, dual microphones and easy set-up. The portable Konftel Cam10 is your perfect home and traditional office companion, or for wherever you are working.

The Konftel Cam10 is ideal for users with single or multiple external displays. Placed in an optimal position on top of the main screen, it promotes a natural lifelike viewing experience. It enables you to make eye contact instead of just showing your head profile, improving the quality of the interaction.

The Konftel Cam10 uses a standard damping bracket for easy and stable installation, whilst there's the option of tripod mounting for alternative camera placements.

- Business webcam
- 1080p Full HD
- 90° field of view
- Dual microphones
- 4x digital zoom
- Autofocus
- Built-in privacy shutter
- USB 2.0
- Climate Neutral Certified

## IMPRESS WITH CLARITY

Be seen as your natural self in high definition 1080p video. The Konftel Cam10 features innovative noise reduction technology, low light capabilities and swift autofocus. A generous and natural looking field of view also helps capture content, such as from a whiteboard, in striking clarity.

## YOUR MEETINGS. YOUR WAY.

Whatever your preferred app or cloud service, the Konftel Cam10 fits your collaboration needs. Just connect the USB cable to your laptop or PC and you're good to go. If your collaboration app supports camera control (UVC standard) simply adjust the digital zoom for the perfect image output.

### NEXT DEVICE, THE SPEAKERPHONE

The webcam's two built-in microphones deliver striking audio pick-up, supported by noise suppression technology. In a straight forward scenario the screen speakers can sometimes perform as audio output.

The best option though is to complement the Konftel Cam10 with the professional speakerphone Konftel Ego, creating an enhanced experience through OmniSound® audio technology.

### CLIMATE NEUTRALITY

Konftel is certified in line with the Climate Neutral standard. This means when you choose a Konftel product, there is an instant climate benefit from the very first distance meeting that replaces a business trip. We offset all our greenhouse gas emissions and are taking action to further reduce those emissions. Keep an eye out for the Climate Neutral Certified label, which indicates that all our products are climate neutral.

## Specifications Konftel Cam10

### GENERAL

**Product name:** Konftel Cam10

**Item number:** 931101001

**Contents:** Konftel Cam10, Quick guide, safety declaration.

**Product documentation:** Online user guide

**Size:** 118 x 37.2 x 30.8 mm

**Weight:** 165 g
