

Precision 10Gbps USB-C AOC Cable

Description

Our active Precision USB-C cables utilise integrated circuits that measure, analyse and adjust the data and video signal to ensure support for up to 10Gbps of data bandwidth.

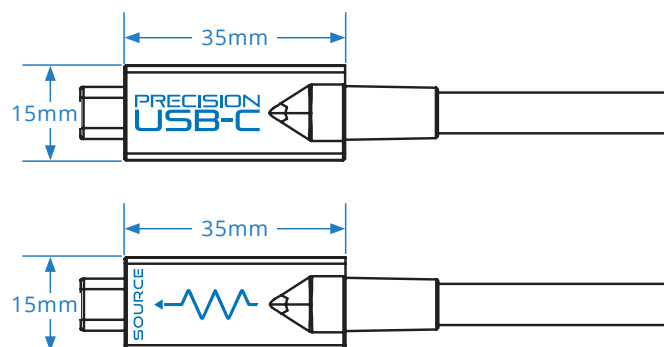

Key Features

- Transmits video resolutions up to and including 4K
- Data transfer rates up to 10Gbps
- USB 3.1 Gen 2 SuperSpeed Plus Type C M-M
- Backward compatible with USB 2.0 and 1.1
- Supports DP 1.4 2 lanes for up to 16.2Gbps of video bandwidth

- Power delivery support up to 60w
- Optimised for the toughest installation environments
- LSZH (Low Smoke Zero Halogen) rated cabling
- Designed and engineered for maximum signal integrity

**Please note: the USB3C10 does not support the Thunderbolt protocol*
